Supplies you will need:

- Construction paper of different colors
- Glue
- Scissors

**Step 1:**
Cut the construction papers into 10 long strips (more if you need)

**Step 2:**
Use one strip, or two, if needed, to make a band around the crown of your head. Glue two together, if you need to, to fit.

**Step 3:**
Connect other strips across the band, over the crown. Glue the ends to the band. Continue until you have made your own hat!
