

Make a Flying Clothes Pin Bird!

Start

1. Choose colors and cut out the pieces:

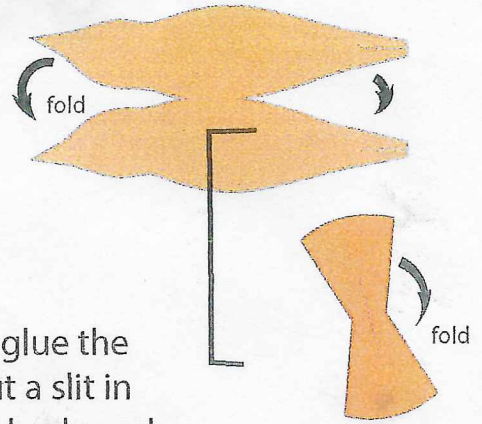

- 1 body
- 1 tail
- 2 large wings
- 2 small wings

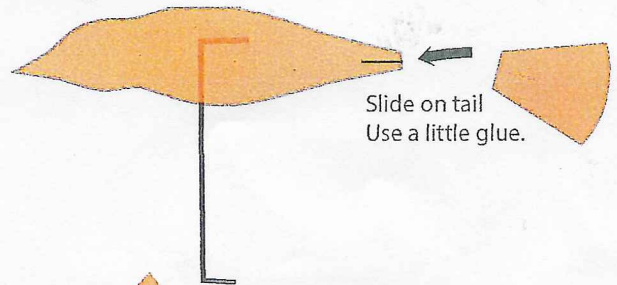

You'll also need:

3 Paper clips and a Clothes Pin

2. Fold the bird body and glue it over a paper clip wire.

3. Fold and glue the tail, then cut a slit in the tail and body and fit together.

smaller wing is glued to top side and sandwiches wire.

wire through hole on the bottom of wing

fold

4. Make the wings:

- First punch a small hole on the small dot of the large wing and pass a bent end of wire through it.
- Next sandwich the wire by gluing the small wing on top. Make sure the wire is lined up like the picture above.

5. Glue the wing tabs to the body on each side. Then attach the wires to the clothes pin by inserting the ends in the holes as shown.

Glue wing tab to body.

Body attaches to top.

Wings attach to sides.

6. FLY!!
