# CREATE A VENETIAN MASK

Supplies

- Mask Template
- Markers or Crayons
- Scissors
- Glue
- Masking Tape
- Disposable Chopsticks **OR** String
- Hole Punch
- Decorative materials: feathers, sequins, rhinestones, ribbons, crepe paper strips, tissue paper, etc.

Step One: Choose a mask template

Step Two: As an option, you can modify the shape of the mask before cutting it out. Draw an outline of your ideal mask shape.

Step Three: Cut out the mask, including the eye holes.

Step Four: Draw lines on the mask. If you plan to make a two-toned or multi-colored mask, it is helpful to lightly draw the lines on your mask.

Step Five: Color the mask with crayons or colored markers.

Step Six: Once the markers have dried, decorate the mask with sequins, rhinestones, feathers, and other craft supplies. Make your mask as fabulous as you like.

Step Seven: Create your securing method by punching holes in the mask and trying string or by taking a chopstick and gluing/taping to the inside of the mask (shown below. Then you are finished and ready to celebrate Carnevale in Italy!
